Dept understands that at present Mexicana does not plan resume air service to Cuba, would do so only on order Mexican Govt, and was stated that conditions at Havana are still hazardous and raise questions of extent insurance coverage in case accident or mishap.

Dept believes it would be desirable let appropriate officials US know USG views, in whatever manner you consider appropriate, that continued suspension this service an important contribution DAS objective expressed at Punta del Este and at recent informal WFM, to intensify efforts to counteract Soviet-Cuban subversive activities in hemisphere. Travel of

Bloc, Cuban and Latin American personnel to and from Cuba for subversive

training is essential element in these activities. Much of this travel although we know that Mexican authorities have minimized importance this service is by air. Mexicana flights have been an important part of this air link and significant.

Have been source complaints from Central American countries, particularly Honduras. Elimination this service would be considerable blow to Soviet-

Dept understands that at present Mexicana does not plan resume air service to Cuba, would do so only on order Mexican Govt, and has stated that conditions at Habana are still hazardous and raise questions of extent insurance coverage in case accident or mishap.

Dept believes it would be desirable to let appropriate officials GOM know USG views, in whatever manner you consider appropriate, that continued suspension this service an important contribution OAS objective, expressed at Punta del Este and at recent informal MFM, to intensify efforts to counteract Soviet-Cuban subversive activities in hemisphere. Travel of Bloc, Cuban and Latin American personnel to and from Cuba for subversive training is essential element in these activities. Much of this travel is by air. Although we know that Mexicana authorities have minimized importance this service, Mexicana flights have been significant part of this air link and have been source complaints from Central American countries, particularly Honduras. Elimination this service would be considerable blow to Soviet-Cuban subversive efforts.

PAA has suspended flights to Havana in conformance NOTAM issued by US authorities on October 24 directing all US state owned or US registered aircraft avoid Cuban air space except with prior approval Secretary Defense. PAA does not plan propose resumption. In any case, resumption

**CONFIDENTIAL**

by PAA would be distinguishable from resumption by Mexicana. US has traditionally served as haven for oppressed from all lands, and PAA Havana operation devoted almost exclusively to bringing refugees out of Cuba. The very few Castro and bloc official personnel and cargo carried by PAA between US and Cuba are subject stringent US laws and regulations respect to our political and economic relations with Cuba.

Neither KLM nor Iberia have resumed flights.

FYI.

End.
